ANNUAL REPORT

(2023-2024) (2080/081)

"BUILDING BRIGHTER FUTURES: OUR IMPACT AND PROGRESS IN 2023/2024"

With the generous support of donors, well-wishers, volunteers, and partners, we have made significant progress toward achieving our goals over the past year through various welfare-based interventions. We are happy to report that many of the projects we initiated have been completed, positively impacting those we serve. We aim to continue building on this progress and make an even more significant difference in the coming year.

Progress and Achievements

This year, we constructed six new classrooms, significantly enhancing the educational infrastructure in our target areas. Additionally, we provided schooling support to 505 underprivileged students, ensuring they access quality education. In a particularly heartwarming achievement, we secured a good home for a semi-orphaned young girl, giving her a safe and nurturing environment to thrive.

We have provided school bags and stationery items to schoolchildren affected by the earthquake in Jajrkot so that they can continue their education. Additionally, we have conducted health and adolescent education sessions and life skills training through interactive sessions like "Hero Girls" and "She Creates" to empower young school-going girls.

Our Bridging Lives Across Borders for Support, Protection, and Reunion Program successfully responded to requests from ISS members regarding tracing, referrals, and kinship care. We organized micro-credit and financial literacy programs to empower women and held an Annual Women's Football Event to promote sportsmanship and teamwork.

Our staff's dedication and innovative projects have profoundly impacted students, women, and communities. This commitment has enabled many to create a better future for themselves, and we are immensely proud of our team's hard work and dedication.

Approach

At CP Nepal, we execute our programs and activities using the theory of change and an appreciative inquiry approach. This means we begin by understanding the requirements of the individuals we intend to assist and then collaborate with them to create practical and scalable solutions. We frequently pause to contemplate and ideate, ensuring that our efforts fulfill the needs of our recipients and bring about a constructive outcome.

Challenges

Despite our achievements, we encountered some obstacles over the past year. Some students were distracted by social media, and some failed their final exams, leading to procrastination and difficulties focusing on their studies. In addition, the COVID-19 pandemic harmed some students' parents' income, further complicating matters. Furthermore, some women required assistance in meeting their loan repayment deadlines.

The Way Forward

Our objectives for the upcoming year are to build on our previous accomplishments, reach more individuals with our programs and activities, enhance educational support for children, provide sanitation and hygiene amenities, encourage sexual and reproductive health, offer economic opportunities and leadership training for women, and promote gender equality through sports and other endeavors.

We are grateful for our donors and partners who support our mission of improving beneficiaries' lives. Our successes and positive changes have been made possible thanks to our board and devoted staff. We couldn't have achieved this without everyone's help.

At last,

Looking back on our journey over the past year, we are inspired by our progress and motivated to continue our efforts to create positive change. We are excited about the future and the opportunities it holds for furthering our mission and making a lasting impact on the communities we serve.

Thank you!

Hero Girls, She Creates, and Adolescent Interactive Training and Educational Sessions aim to equip young students with crucial life skills and prepare them for future endeavors. These sessions cover communication, mentorship, entrepreneurship, and sexual and reproductive health education. They empower students to make informed decisions and break society's taboos and stigmas surrounding menstruation, girls, and reproductive health confusion.

In today's world, success demands skills such as being open to creative ideas, accepting change, and taking risks. Our goal is to foster these qualities in students so that they can develop creative problem-solving skills and pursue their dreams with confidence and motivation. Ultimately, we aim to inspire students to succeed in all their future endeavors through these training sessions.

SpotLight: Anar Kali- From Bondage to Business Owner

Mrs. Anar Kali Chaudhary is a 46-year-old Yakata Mother's Group member in Gobardiha. She has a family of four: her daughter, her son, her husband, and herself. In the past, she was a bonded slave woman, and both she and her husband did labor work to make ends meet. Her husband worked as a school cleaner, and she built homes and planted crops for landowners. Despite their hard work, they struggled to provide basic needs for their family.

Mrs. Anar Kali joined the mothers' group in 2011. At first, she was shy and hesitant to speak or share her feelings during group meetings. The Mother's Group meetings, led by CP staff, focused on saving money, taking loans, education, and business. Inspired by these lessons, Anar Kali decided to start her own business.

In 2014, she took a microcredit loan, bought a piglet, and paid for her husband's work visa to work abroad. In 2015, she sold the pig for 30,000 RS, repaid her loan, and had money left over to buy another piglet.

By 2016, her husband returned to Nepal, and with his earnings, they built a brick home. They then started a more significant business and took another loan of 50,000 RS. With this money and their savings, they opened an electrician shop. Anar Kali sold electrical parts, and her husband worked as an electrician. They began to earn a good income and could provide for their family more comfortably. Anar Kali also earned money from sewing when she wasn't busy with customers.

In 2023, Anar Kali took another loan of 150,000 RS from the COOP to expand their business by opening a grocery shop. Now, her daughter helps in the grocery shop, and her husband continues working in the electrician shop. They repay their loans on time and are no longer worried about financial burdens. Both their children are doing well in their studies. They no longer need our support.

Anar Kali's daughter, Sanjita, is awaiting her BBS 4th-year results, and her son is studying electronic engineering. Her husband used to drink alcohol and argue about money, but now they are a happy family. They are very thankful for this opportunity.

From Mothers' Group Member to Successful Entrepreneur

Mrs. Premlali Chaudhary is a shining example of perseverance and success. She is a dedicated member of the Samraxn Mother Group, having joined in 2008. Before her involvement with the mother group, Mrs. Premlali and her husband worked in other people's homes, struggling to make ends meet. The turning point came when Her International's program supported her daughter's education. Motivated by this support, Mrs. Premlali also joined the mother group. As her daughter started attending school, Mrs. Premlali stayed home to care for her children. Alongside her domestic responsibilities, she began attending mother group meetings and took up farming, believing that even those with limited resources could start their own business and earn a living.

In 2010, Mrs. Premlali took a loan of Rs. 3,000 from the group to purchase a goat and embarked on a goat-breeding venture. Initially, she was anxious about repaying the loan due to the lack of immediate income. However, after three months, she managed to repay the loan through labor work. Within a year, the goat gave birth to a kid, marking the beginning of her successful venture. She was thrilled to see her hard work paying off and considered the two goats her earnings, having cleared her debt.

2012, Mrs. Premlali borrowed an additional R.S. 2,000 from the group to kickstart her vegetable cultivation venture. She used the vegetable leaves to feed her goats and sold the surplus produce, establishing a stable income stream. This newfound revenue source ignited her drive and entrepreneurial spirit. Gradually, Mrs. Premlali repaid old debts, obtained new loans, and diversified her income streams. She oversees a varied portfolio comprising buffaloes, goats, and vegetable farming. Her annual earnings include R.s. 95,000 from milk, R.s. 60,000 from vegetables, and R.s. 30,000 from goats, totaling R.s. 1,85,000. This income covers her family's medical expenses, household necessities, and children's education.

Her daughter, supported by the "Empowerment Through Education Program", is currently pursuing a B.B.S. degree and is in her third year. Her son is studying for a B.Sc. degree and is currently in his second year. Mrs. Premlali proudly supports her son's education with her earnings. She reflects, "After HI helped my daughter get an education, I was determined that my son should also go to school. Now, both of my children are in higher education and are doing well. My son aspires to be a science teacher, while my daughter aims to become a bank manager. Though the rising costs of education and other expenses have been challenging, I am grateful for the ability to provide my children with a good education. If HI had not assisted my daughter, I would still be working in others' homes, and my children would not have had the opportunities they have today. I am deeply thankful for the support I received." Mrs. Premlali Chaudhary's story is a testament to the transformative power of support and determination, illustrating how dedicated individuals can overcome challenges and achieve success.

From Student to Teacher and Future Public Servant

Arju Chaudhary is a 24-year-old who has just started her master's degree journey. Alongside her studies, she teaches handwriting to students at a local school and diligently prepares for a career in public service. Arju's commitment to her education has always been unwavering. She received support from the Empowerment Through Education program for eight years, which helped her complete her education up to class 12. After that, her parents took on the responsibility, working tirelessly to support her education. This experience made Arju understand the profound importance of education, motivating her to strive even harder.

In addition to her academic pursuits, Arju is focused on securing a career in public service. She is determined to make a difference in her community but is also open to seeking opportunities abroad if necessary. Despite the financial challenges her family has faced, they have found happiness in their achievements. Through hard work, they transformed their mud house into a sturdy brick home.

Arjun's family consists of seven members. Her brother is dedicated to civil engineering, and her father is a carpenter who also supports the family through agriculture. The entire family is content and grateful, having faced no significant hardships. They owe much of their progress to the support from the program, for which they are deeply thankful.

SpotLight: Rajani Kumal Chaudhary

23-year-old Rajani Chaudhary is in her first year of a bachelor's degree, standing out among her friends for her maturity and hardworking nature. Rajani is multi-talented; she excels in dancing, drawing, and managing various household chores

Each morning, Rajani attends her classes and then heads to a bank for an internship, gaining practical experience related to her studies. She returns home by 5 PM, taking on household responsibilities, including cooking and helping her brother's children with their homework. Her days are a blend of learning and domestic duties.

Despite financial challenges, Rajani and her family remain happy. Her two brothers work in India, and she harbors big dreams for the future. For the past 12 years, Rajani has received financial support, which has been crucial for her and her family. This support has allowed Rajani to pursue her education and significantly contribute to her household, maintaining discipline and improving their home life.

Rajani and her family are deeply grateful to our organization for this support. This assistance has significantly improved their situation, making the family healthier and more content.

Rajani's determination and resilience have been the driving forces behind her accomplishments. She excels in her studies, often staying up late into the night to complete her assignments and prepare for exams. Her hard work has not gone unnoticed, as she has consistently ranked among the top students in her class.

आमाहरुको फुटबल क्रेज

देउखुरी । सुशीला चौधरीको घर मझेरीमा पर्छ । गृहिणीको भूमिमा रहनुभएकी सुशीला तीन दिन फुटबल खेल खेल्न मैदानमा उत्रिनुभयो । उहाँले फुटबल छोएको पहिलो पटक हो । यसरी चुलो चौकोमा सीमित महिलाहरु मैदानमा उत्रिएर फुटबलमा रमाउन पाएकोमा दंग छन् । 'सानैमा कमैया कम्लरी बस्ने चलन थियो । त्यो चलन त हट्यो । अहिलेका छोरीहरु कम्लरी बस्नुपर्दैन । तर पहिला बसेका आमा, दिदीहरु यसरी खुलेर रमाउन पाउनु भएको थिएन । फुटबल प्रतियोगिताले नयाँ ऊर्जा थप्यो' - उहाँले भन्नुभयो- 'खेलको माध्यमबाट पनि प्रेरणा लिन सकिदोरहेछ ।' आमा समूहमा आवद्ध महिलाहरुको बीचमा फुटबल प्रतियोगिता आयोजना गरेर महिला सशक्तिकरणमा जोड दिइएको छ । कति बस्छौं चुला चौकामा, आउ बाहिर रमाउ खेलमा मुख्य सन्देशसहित गढवामा पाँचौं महिला फुटबल प्रतियोगिता गरिएको हो ।

क्रियटिड पोसिविलिटिज नेपालले स्थानीय तहसँग सहकार्य गरेर आयोजना गरेको फुटबल प्रतियोगितामा २८ वर्षदेखि ५५ वर्ष उमेर समूहका आमाहरु सहभागी भए । तीनवटा स्थानीय तह गढवा गाउँपालिका, राप्ती गाउँपालिका र राजपुर गाउँपालिकाका एक सय चारजना आमाहरुले खेलमा भाग लिएका थिए । विगत पाँच वर्षदेखि निरन्तर रुपमा महिलाहरुको बीचमा फुटबलको माध्यमबाट सहकार्यको भावनाको विकास गराउँदै आएको छ । समुदायमा मिलेर बस्नुपर्ने, खेलमा बल पास दिएझैं एक अर्काका लागि विश्वास मानेर सहकार्यमा काम गरेपछि सफल हुन सकिन्छ भन्ने उदाहरण दिन सफल भएको क्रियटिड पोसिविलिटिज नेपालका निर्देशक दिनेशराज सापकोटाले बताउनु भयो । 'मुक्त कम्लरीका आमाहरु समूहमा बस्नुभएको छ । उहाँहरुलाई सशक्तिकरण गर्न हामीले खेललाई माध्यम बनाएका हौं । यो माध्यम प्रभावकारी भएको छ' - उहाँले भन्नुभयो- 'गाउँघरका आमाहरु पनि फुटबल खेल्न सक्छन् भन्ने आत्मविश्वास जगाउन सफल भयौं । चुलो चौकामा सीमित हुनुभन्दा रमाउने माध्यम पनि फुटबल बन्यो ।' राजपुर गाउँपालिकाका उपाध्यक्ष धनपतिदेवी यादव पनि फुटबलमा खेलाडी बनेर भाग लिनुभयो । उहाँसँगै अन्य गाउँका महिलाहरु पनि सहभागी भएर खेल खेल्दा सकारात्मक अनुभूति भएको प्रतिक्रिया उपाध्यक्ष यादवको छ । 'एकलो प्रयासले सफलता प्राप्त गर्न सकिदैन । हामीले सबैसँग सहकार्य गर्छौं भने सफलता प्राप्त गर्न सक्छौं भन्ने उदाहरण हो' - उहाँले भन्नुभयो- 'गाउँ-गाउँका दिदिबहिनीहरुलाई फुटबलले जोडेको पाउँ । निरन्तर प्रतियोगिता हुँदै आएको छ । यसले खेल संस्कार, अनुशासन पालना गर्न मद्दत गरेको महसुस गरेको छु ।'

गढवा गाउँपालिकाका उपाध्यक्ष शारदाकुमारी चौधरीले गृहिणी जीवन बिताएका महिलाहरुलाई खेलको माध्यमले घरबाहिर ल्याउन मद्दत गरेकोमा खुशी व्यक्त गर्नुभयो । 'धेरै राम्रो प्रयास हो । आगामी दिनमा पनि निरन्तरता दिनुपर्छ । स्थानीय सरकारले पनि यसतर्फ ध्यान दिन्छ' - उहाँले भन्नुभयो- 'गित संगीत जस्तै खेलकुद पनि सशक्तिकरणको एउटा माध्यम बन्न सक्छ भन्ने यो सफल उदाहरण हो ।' सिपी नेपाल संस्थाको कार्यसमिति सदस्य जुनु चौधरीको अध्यक्षता तथा जिल्ला समन्वय समिति दाङका प्रमुख नित्यानन्द शर्माको प्रमुख आतिथ्यतामा भएको कार्यक्रमलाई सम्बोधन गर्दै उहाँले महिलाहरुमा आर्थिक, सामाजिक, राजनीतिक सशक्तिकरण बढ्दै गएको बताउनुभयो । गृहिणी जीवन मात्रै नभएर त्यस बाहिरको जीवन समेत बिताउनुपर्ने भएकाले त्यसका लागि सबैले वातावरण बनाउनुपर्ने उहाँको भनाइ थियो । कार्यक्रममा गढवा गाउँपालिकाका उपाध्यक्ष शारदाकुमारी चौधरी, राजपुर गाउँपालिकाका उपाध्यक्ष धनपतिदेवी यादव, राप्ती गाउँपालिकाका उपाध्यक्ष कमलापती चौधरी, गढवा गाउँपालिका वडा नं. ५ का अध्यक्ष लेखबहादुर थापा, सिपी नेपालका निर्देशक दिनेशराज सापकोटा, देउखुरी सामुदायिक पुस्तकालयका अध्यक्ष ओभा पाठक, गढवा उद्योग वाणिज्य संघका वरिष्ठ उपाध्यक्ष मधा न्यौपाने लगायतले मन्त्रब्य व्यक्त गर्नु भएको थियो । दीपा चौधरीको स्वागत मन्त्रब्यबाट शुरु भएको कार्यक्रमको सहजीकरण सरिता चौधरीले गर्नुभएको थियो ।

५२ जनालाई साइकल

सिपी नेपालले २२ जना विद्यार्थी र ३० जना आमा गरी ५२ जनालाई साइकल प्रदान गरेको छ । विद्यालय आउनजानको लागि विद्यार्थीलाई र घरायसी कामकाजमा सहयोग पुऱ्छ्याउने उद्देश्यले आमाहरुलाई साइकल प्रदान गरिएको थियो ।
